Rich Milk

The best cows obtainable, rightly fed on rich alfalfa and regularly inspected by the Territorial Veterinarian, insure the rich and wholesome quality of our milk. Our milking sheds have cement floors and every precaution is taken to prevent contamination. On receipt of the milk at our depot it is electrically treated before bottling, and automatic sealers are used in capping the bottles, so the milk reaches the consumer perfectly pure.

FACTORY GIRL GIVES UP

Too Sick to Work—Doctor Advised Operation. Restored to Health by Lydia E. Pinkham's Compound.

Poughkeepsie, N. Y.—"I run a sewing machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for female trouble but Lydia E. Pinkham's Vegetable Compound helped me more than the doctors did. I hope that every one who is suffering will get the Compound. My pains, nervousness and backache are gone and I have gained five pounds. I owe my thanks to your medicine for it is the working girl's friend, and all women who suffer should write to you for special advice."—Miss THILLIE FLENNIE, 3 Jay St., Poughkeepsie, N. Y.

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, is it not reasonable to believe that it is an article of great merit?

We challenge anyone to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription. We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it. Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute. But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee.—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

Any Scientist will tell you that Beer keeps best in Brown Bottles

Wahl-Henius Institute of Fermentology, Chicago, writes:

"We have tested beers repeatedly, placing the bottles into direct sunlight, and testing the same after one, two, three and five minutes exposure; found that the beer with three and five minutes exposure became undrinkable on account of the peculiar odor developed. The detrimental effect of light upon beer can be successfully counteracted by the employment of brown or dark colored glass bottles."

Schlitz uses the Brown Bottle to protect its purity from the brewery to your glass.
